BS, Mechanical Engineering

Accreditation: **State of South Carolina**  
Professional Engineer

Technical Training: **The Trane Company**  
*Lacrosse, Wisconsin*

Management Training: **FMI**  
*Denver, Colorado*

Following his graduation from the Clemson, Mr. Powers went to work for Duke Power Company as an associate engineer in the design section for power generating plants. After two years with Duke Power, he went to work with the Yarway Corporation as a sales representative. Once again, his responsibility was with power generating customers and his territory was Florida, Georgia, North Carolina and South Carolina. He was with Yarway for four years.

He came to work for W.B. Guimarin & Company, Inc. in 1976 as a project manager and was elected Vice President in 1979. He has been active in the local ASHRAE chapter and has served as an area president and board member of the Mechanical Contractors Association. As a former member of the St. Andrews Rotarian Club, he was named a Paul Harris Fellow and has served on the board of the Spring Valley Country Club.
